"Seek knowledge from cradle to grave" is their motto. YMCA Institute is the premier vocational and business school in Uganda. Tuition is affordable and instruction is top-notch. Because of its reputation, graduates are immediately employable and even sought after. We currently have nine students enrolled in courses as diverse as Accountancy, Business Administration, Cosmetology, Early Childhood Education, Electrical Installation, and Fashion Design. Twenty of our students have graduated from YMCA. Each of them is productively employed and a few have started their own small businesses.

All of our Early Childhood Education students were offered permanent teaching positions while they were still doing their student teaching. Our other graduates are working as secretaries, hairdressers, tailors, and computer specialists.

The St. Nicholas Uganda Children's Fund supports over 240 orphans and vulnerable children in primary & secondary school, vocational & professional training, and university. We pay school fees and provide uniforms, shoes & socks, school supplies, meals, and health care. With your help, we can make a real difference in their young lives.

Student of the Month

Frank is seventeen years old and is in Senior 5 at Kasubi Secondary School. His parents died in a car accident when he was one year old and he's been raised by his mother's sister. In Advanced Level high school, students take three main subjects. Frank's combination is Math, Economics, and Entrepreneurship. He was our top Advanced Level student in 1st term this year, earning an A in each of his three subjects.
